

# CATAWBA COLLEGE

## Information Technology Fees and Charges 2011-2012

Internet Connection Fee: no charge  
Network Cable (14'): \$5  
Custom Length Network Cable: \$10  
Virus/Spyware Removal: \$50

**All computer charges will be posted to your student account.**

Other than for resolving network connectivity issues, the Information Technology department does not work on student computers. We can recommend local service companies that offer a Catawba discount.
